## **Abundance Codes:**

- a: "abundant" A species which is very numerous
- p: "prevalent" Almost certain to be seen in suitable habitat
- c: "common" Present, but not certain to be seen
- o: "occasional" Seen only a few times during a season
- r: "rare" Not present every year

#### Other Codes:

- \* Local Nester
- \*\* U.S. or CA Threatened or Endangered (January, 2010)
- # CA Bird Species of Special Concern (March, 2009)

#### Seasons:

- **SP:** February through April (spring)
- S: May through July (summer)
- **F:** August through October (fall)
- W: November through January (winter)
